

**Government of Tripura  
Urban Development Department  
UD Bhawan, Shakuntala Road, Agartala**

**Notification**

As per the current system, there are no norms for third party verification (during construction and/or completion stage) of structural design and architectural drawings by authorized structural engineers and architects respectively across all urban areas and IDCs in the Tripura Building Rules, 2017.

An efficient mechanism is already in force, where self certification is done for approval during Construction & Completion stage to ensure that Structural Design/Architectural Drawings by authorized structural engineers and architects are as per the guidelines.
